workshop.

This two-day learning adventure for six couples is an amalgam of Hedy and Yumi's **Adventure in Intimacy** workshop for couples, with Hedy's two-day private **Intensive Session**.

**The Hybrid Couple Workshop / Private Session** was created to give couples Hedy's individualized attention where:

- Each couple receives Hedy's **close attention** and **expertise**.
- Each couple works with Hedy **one-on-one**.
- Each couple benefits from the workshop atmosphere by being **witness to Hedy's work with the other couples**.

*"Your teaching has provided us with the tools to create a level of connection that we had only dreamed about. We've been applying our new knowledge for only a short time and it has already transformed our marriage with the power of communication!"*

#### **Among the learnings are:**

- **Daily frustrations** can be powerful agents for change.
- **Fun, romance, intimacy, and passion** can be powerfully rekindled and reawakened.
- A **conscious relationship** affects all our connections, including family, co-workers, and especially our children.
